GEORGE WATTS HONORED.
George Watts, who graduated with
honors at McMillan High School in
the class of 1911, received his diploma
at the University of Illinois, June 16
and ranked fourth in the class of 964.
Mr. Watts graduated with Final
Special honors and is said to be one
of the best all-around students pro-
duced at Illinois University in years.
He has accepted a splendid position
with the Standard Oil Co., at Whiting,
Ind., and will receive \$1200 a year.
Miss Edna Watts, a sister of Mrs.
Watts, who made her home in Mexico
with Mr. and Mrs. D. Edwards for the
past four years attended the graduat-
ing exercises at Urbana. She, with
her mother and brother, will go to
housekeeping in Whiting, Ind., soon.
George Watts is one of the finest
young men ever graduated from Mc-
Millan High School and will be pleas-
antly remembered by a host of admir-
ing friends in Mexico. A student, an
athlete and a companion, Mr. Watts
was popular with everyone who knew
him and his success was forecasted by
all in close touch with him. The Led-
ger joins his other admirers in Mex-
ico in wishing him further prosperity and
success. We regret very much to have
Miss Watts leave Mexico, where she
is quite popular but join in wishing
her much happiness in her own home.

WANT CONDENSERY HERE- MEANS MUCH PROSPERITY

Prominent Audrain County Farmer
Writes the Ledger Regarding
Such an Institution.

The question of milk condensery
for Mexico is very important for the
city and for the farmers. If the busi-
ness men of Mexico will only take
this subject up and investigate they
will find that it will be a great ben-
efit to their business. That is what
makes a prosperous country to have
money in circulation and that is
what a condensery will do.

I do not think there is a better place
in the state of Missouri for a condi-
sery than Audrain County. We have
the water and blue grass. There is no
place that can beat it. And that is
an important thing that should be
considered to have plenty of pure
water and the grass.

They have a nice plant in Kahoka,
Clark County, Missouri, that was
started there something like six years
ago. Of course, it was not a profit-
able investment to start with. There
were but few business men in it at
the start. A. J. Trump is one of the
leading men that went into it and
started the factory. But they saw
money ahead for them and they knew
what they had to contend with. All
other milk factories are in trusts but
this plant started up independent of
others and of course they had to work
up a market. They had to place their
produce upon the market by the side
of other produce before they could
establish a market and show the peo-
ple that they had the goods. And
they sure have. They cannot supply
the demand that they have today for
their condensed milk.

They are manufacturing today
something like 20,000 pounds of raw
milk a day. The factory runs about
fifteen hands and the 20,000 pounds
of milk a day amounts to \$100,000 a
year to the farmers of Clark County.
If Mexico had a milk condensery in
the town the last two dry years, that
would have meant something like
\$300,000 to the country and to the
city. I think the merchants would
have felt better and their business
would have been more prosperous, if
you could have had that much money
in circulation.

I want you all to get busy and see
if you can't land one for Mexico.
C. J. Alexander,
R. F. D. 7, Mexico, Mo.

YOUNG CLARK MAY ENTER RACE
Bowling Green, Mo., June 29.—
Bennett Clark, son of Speaker Champ
Clark will resign his position as par-
liamentarian of the National House
of Representatives at the close of the
approaching regular session of Con-
gress, to take up the practice of law
in Pike County. He already has
opened an office in Bowling Green,
and expects to devote his time this
summer to the practice of his profes-
sion.

It is generally predicted he will en-
ter the race for prosecuting attorney
of Pike County at the next election.
This office was the first political one
held by his father.

MISS SUE LOGAN WEDS.
The wedding of Miss Sue Logan and
James Pasley was held at the home
of the bride in Ladonia Thursday af-
ternoon. The bride is the daughter
of Squire Logan and wife, and is a
graduate of the state University at
Columbia. For two years she taught
in McMillan high school in this city.
She has many friends in Mexico.
Mr. Pasley is the son of A. W. Pasley
of Columbia, Mo. He has a position
as court stenographer in the Ad-
miralty. Their many friends in Mex-
ico wish them a happy married life.

Mr. and Mrs. Pasley passed through
this city late Thursday on their way
to their home in Kirksville, Mo.
Missouri is in California.

and returned Sunday night.

Mrs. E. R. Cunningham of Mexico,
Missouri, who is visiting relatives in
California and Washington and view-
ing the expositions, is the house guest
of Mr. and Mrs. William H. Morris—
Stockton, Mo.

Lost Bringer Injured.
Loust Bringer, local agent for the
Standard Oil Co., was injured Friday
morning by the crank of a gasoline
engine which flew off and struck him
over the left eye. He had just started
to pump out a tank of oil and was
trying to start the gasoline engine
when the accident happened. Three
stitches were taken in his head.

WETTEST JUNE ON RECORD FOR YEARS—8.01 INCHES

June This Year was the Wettest Mex-
ico has had Since the June
of 1902.

The weather records show that
Mexico has received during the last
month, 8.01 inches of rainfall. This
is the heaviest precipitation this sec-
tion has gotten since 1902 when the
records show 8.79 inches of water.
It will be remembered that in 1902
the month of May was not as wet as
the one this year. The farmers
raised a wonderful crop that season.

The June records for the last three
years follow: 1914—6.60 hundredths;
1913—6.79 hundredths; and 1912—
2.92 inches.

During May 1915 we received 6.38
inches of water which is the largest
precipitation in years. The last two
months 14.37 inches of rain has fal-
len in this locality—more than one
and a third feet. This makes one of
the wettest crop seasons on the
weather record.

Other parts of the state, with the
exception of the extreme southwestern
section, about Sikeston, have had an
equally heavy rainfall. In St. Louis
the June record was the largest since
the establishment of the weather de-
partment.

More than four inches of rain fell
in and around St. Louis between 7
o'clock Sunday morning and 10 o'clock
Monday morning and the total pre-
cipitation for the month at noon made
this the wettest June since the United
States Weather Bureau began keep-
ing records here, in 1871, with two
days yet to go.

The present rain, by far the heav-
iest this month, extending over a ter-
ritory within a radius of 100 miles of
St. Louis, that city receiving the heav-
iest downpour of the district. As a
result the principal rivers are at or
above flood stage and thousands of
acres of farm land along them are
submerged. There has been one fa-
tality—an Iron Mountain engineer
was killed when his train ran into a
washout near Chester, Ill.—but the
principal damage has been to prop-
erty.

The Missouri River is somewhat
above flood stage between St. Louis
and Kansas City. There is no serious
threat of immediate danger, how-
ever, as the rains are largely local.

DEMANDED PEACE TERMS.
London, June 30.—David Mason, a
Liberal member of the House of Com-
mons for Coventry, has given notice
that he will ask Premier Asquith in
the House on Wednesday "whether, in
view of certain speeches by some
members of the German Parliament
demanding a speedy and honorable
peace, his Majesty's Government will
consider the advisability of stating
more specifically than heretofore the
terms upon which such a peace would
be possible, with the object of hasten-
ing such a happy consummation."

BARTHS'

SUIT AGAINST SHOE CO. HAS BEEN DISMISSED

Prosecuting Attorney A. C. Whitson
Made This Motion on June 25 in
the Circuit Court.

The case of the State of Missouri
vs. The International Shoe Co., was
dismissed last week by Prosecuting At-
torney A. C. Whitson. He made the
motion in the Circuit Court June 25.
It was dismissed "without prejudice"
which allows the question to be re-
opened at any time in the future
should the prosecutor so desire.

The suit was for \$75,000 fine and
was brought by Mr. Whitson some
time after the Friedman-Shelby Co.
closed their local plant. It was filed
under a trust law that allowed a fine
of \$1,000 a day for every day the in-
stitution remained closed.

It was the first suit of its kind ever
filed in Missouri and created no little
interest at the time. Shortly after
the suit was filed the factory here was
re-opened. The officers of the shoe
company stated they had never in-
tended closing the plant permanently
but that, owing to unusual business
conditions, the closing was necessary
at that time.

TRAIN NO 10 DERAILED.
Chicago & Alton Train Arriving Here
at 10:50 p. m. Wrecked.

The Chicago and Alton Train No.
10 which arrives at this city at 10:50
p. m. was derailed near Curryville at
twelve o'clock Tuesday night. The
tender and two coaches left the track
but no one was seriously injured.
No. 10 is one of the fastest trains
through Mexico from the west and
carried six coaches. The derailment
tore up the track for quite a distance
and the morning trains were delayed
several hours. The cause of the
wreck is not known.

The wedding of Miss Genevieve
Clark, daughter of Speaker and Mrs.
Champ Clark and James Mc. Thom-
son, of New Orleans was solemnized
at Bowling Green Wednesday after-
noon at 4 o'clock. Not many went
from Mexico to the wedding though
nearby cities sent large delegations.
The wedding party was composed
of Karl Palmer, Milwaukee; Praven

hood playmates of the bride.

LIGHTNING STRIKES HOME
Daughter of Mr. and Mrs. Tom Riley
Struck by Electricity.

The residence of Tom Riley was
struck by lightning, Tuesday evening
about 7:30 and little Julia Riley, was
partially stunned for several minutes
as a result. The stroke shattered a
chimney and damaged some of the
wood work in the roof. Fortunately
the electricity struck a wire and left
the structure without setting fire to
it. Little Miss Riley, we are glad to
say, suffered no serious consequences
from her experience.

The House of James Adams Struck.
The house of James Adams, on the
corner of north Olive and Whitney
streets, was struck by lightning at
7:30, Tuesday evening. Some shingles
were knocked off the roof and the
wall paper in the room under the
part struck was scorched. No one
was in the room, but Mr. Adams was
reading in a lawn swing near and was
stunned by the flash. He said it seem-
ed as though some one had struck
him with a tin pan. No other dam-
age was done though several neigh-
bors felt the shock.

Montague Lyon of St. Louis has re-
turned to his home after a visit with
Mexico friends.

COUNCIL READY TO CONSIDER NEW LIGHTING PROPOSITION

At Meeting Monday Night, They In-
form Power Co. They are Ready
For New Proposition.

The Mexico Council at its regular
meeting Monday night decided that
it was in no position to consider the
\$5,000 lighting proposition offered by
the Mexico Power Company for the
complete lighting of the city. They
requested the Power Co. to draw up
a new proposition that would furnish
light to the extent of \$3,000 per year.
The company has agreed to do so, and
at a recent date the voters will be
called upon to express their opinions
on the new lighting plan.

The council on the motion of John
Balfour ordered the trash cans col-
lected from the streets and stored at
the city hall. The city will for the
present, discontinued the free col-
lection of garbage from the business
section of Mexico. A request is made
that the citizens dispose of the gar-
bage.

Mr. Pratt, chairman of the Street
and Alley commission, reported in
the matter of the wall along the prop-
erty of Mrs. Baker of Woodlawn Ave.,
that the Street and Alley commission
did not consider that the city was
liable for the damages on account of
the position of the wall. It was located
on private property. The recent
heavy rains caused the falling of the
wall and the city is not responsible.

Mr. Johnson moved that communi-
cation from Hangar be filed for fur-
ther reference.

Mr. Pratt reported that the bridge
near the Hathaway property in the
south part of the city needed a new
abutment. Mayor Dry referred the
matter to the Street and Alley com-
mission for a consideration of the
cost.

Mr. Armstrong reported that work
was badly needed on Union Street,
south of Liberty. The matter was re-
ferred to the Street and Alley com-
mission.

The council decided that the city
would not stand responsible for the
bills contracted by several citizens
for the free feeding of the tramps,
last winter. City Attorney, David H.
Robertson said the city was in no
way responsible for the bills.

Judge Lewis presented bills to the
amount of \$100.57. All members were
present except Mr. Atkinson, and
Mayor Dry presided.

Look for the announcement of our
opening in a few days, on Jefferson
street.
